Board Examination Performances

We are delighted to share some fantastic news regarding our school's performance in recent exams. Firstly, I am pleased to inform you that a large number of our students achieved remarkable scores of 300 and above in the just-concluded JAMB exam. This achievement reflects the hard work and dedication of our students, as well as the efforts of our talented teachers. We are incredibly proud of their achievements and the recognition they have brought to our school.

Furthermore, I am thrilled to announce that our primary 6 class has once again demonstrated outstanding performance in their COMMON ENTRANCE exam. Their impressive results are a testament to their preparation, diligence, and the commitment of their teachers. We truly commend their efforts and celebrate their success.

Empowering Lifelong Learners

Our commitment to providing quality education remains unwavering. The 2022/2023 academic session saw us embracing modern teaching methodologies, integrating technology, and nurturing a love for learning. We believe that education is a journey that extends beyond the classroom, and our students have embraced every opportunity to expand their knowledge horizons. Kindly be informed that, starting from the next academic term, there will be new adjustments in school fees. Nursery fees will be ₦30,000 termly, Primary ₦35,000, and Secondary ₦40,000 to enable us keep up with the rising costs of expenditure across the country currently. We appreciate your understanding and continued support as we continue to find new and innovative ways to empower our lifelong learners.

Gratitude to Parents and Guardians

We extend our heartfelt gratitude to all the parents and guardians for entrusting us with the education and development of your children. Your unwavering support, active involvement, and partnership with the school have played a crucial role in creating a conducive learning environment for our students.

Welcoming the Summer Break

As we embark on a well-deserved summer break, we encourage students to take time for relaxation, rejuvenation, and pursuing their passions. The break offers an opportunity for exploration, reading, and engaging in activities that promote personal growth.
